Year 9 - 11 Promotion Policy

RATIONALE:
This policy aims to:
 Encourage and motivate students to achieve their maximum potential
 Provide clear expectations to students, their parents and the teaching staff
 Provide guidelines for assessing student readiness for entry into the next year level.

GUIDING PRINCIPLES:
 To improve the individual student’s work ethic and student learning outcomes
 To better prepare students for the demands of the VCE and VCAL, in terms of meeting deadlines, submitting work, study skills, attendance and satisfactory completion of work
 To provide a clear and consistent framework within which decisions regarding students’ future pathways are made.

REQUIREMENTS FOR PROMOTION:
In considering whether a student is to be promoted to the next year level, four areas will be taken into account:
1. the number of units satisfactorily completed
2. the student's level of achievement in the assessment tasks
3. the student's attendance rate in each unit.
4. the student's current and proposed subject selection.

1. **Unit Requirements**
   - **Year 9**
     - Year 9 students are required to successfully complete:
       - 11 out of 16 units over the year
       - At least 6 out of 8 units in Semester 2
       - At least one unit of English/ESL
   - **Years 10 & 11**
     - Students are required to satisfactorily complete at this school:
       - 8 out of 12 units over the year
       - at least 4 out of 6 units in Semester 2
       - at least one unit of English/ESL

2. **Achievement in Assessment Tasks**
   A pass (‘A - E’) in more than half of the assessment tasks of a unit, including the exam, is required to achieve a satisfactory unit result at Years 10 and 11.
   For Year 11 to 12 promotion, students must achieve a pass (‘A - E’) in at least 4 out of 6 Semester 2 exams.

3. **Attendance**
   Students are required to attend school and all of their classes, except where legitimate and serious reasons prevent such attendance.
   To be considered for promotion, students are required to meet the College’s minimum attendance requirement of 90% (refer to SASC Attendance Policy).

4. **Subject Selection**
   The minimum number of units selected at the next year level must be as follows:
   - Year 10 & 11 – 12 units (6 units per semester)
   - Year 12 – 10 units (5 units per semester)
   The proposed subjects selected at the next year level will also be dependent on the following:
   - A satisfactory final result in the current subject
   - A grade of E or higher in more than half of the assessment tasks, including the exam in the current subject
   - The teacher recommendation about study in the proposed subject at the next year level (where appropriate)
   - Any recommended pre-requisites in the proposed subject at the next year level

IMPLEMENTATION:

(I) Semester 1
Students who do not satisfactorily complete 6 or more units in Semester One at Year 9; or who do not satisfactorily complete 2 or more units in Semester One at Years 10 and 11:

will be required to attend an interview with their parents and the Year Level Coordinator. The purpose of the interview is to:

- gain parental support in assisting improved student learning outcomes
- implement strategies for improving student learning in Semester 2
- establish an agreed process for monitoring student learning.

(II) Semester 2
Students who do not satisfactorily achieve the promotion requirements at the end of Semester 2 will not be promoted into a full course at the next year level. In this case, the Year Level Coordinator will conduct an interview with the student and their parents. This interview will determine the best pathway for the student. Alternatives could include: continuing their education at another institution, repeating the year, or doing a bridging year with a mix of subjects at the current level and the next level.

Each student will be reviewed on an individual basis.

(III) Unsatisfactory Exam Results follow-up
In addition to the above, the YLC and Sub School Leader will follow up students with a UG in the semester 2 examinations as follows:

- Students that receive a UG for their examination in 3 separate subjects – phone call home by YLC and a record in student file that phone call has been made. This phone call is to inform both parent and student of the poor exam performance and implications for the following year.
- Students that receive a UG for their examination in 4 separate subjects – YLC interview with student and parent
- Students that receive a UG for their examination in 5 separate subjects – SSL interview with student and parent

(iv) Special Consideration (Year 10 & 11)
Exenuating circumstances may be considered in determining a student's suitability for VCE or VCAL. Such circumstances would include:

- prolonged illness
- extended absences (eg overseas)
- time of arrival at the college
- English language skills
- other personal circumstances.
Students on Modified Programs at Year 10
Careful consideration will be given to the pathways for students on modified curriculum programs. These students will be considered on an individual basis, taking the students’ individual learning needs into account. However, it will generally be the case that only students who have met the minimum standards detailed above in the Unit Requirements for un-modified results should continue into the VCE.
Consultation will take place between the College, the student and their parents to determine the most appropriate pathway.

SUPPORT:
The College provides a range of programs to maximise the success of each individual student. These programs are aimed at enhancing a student’s chances at both the academic and personal success.

EVALUATION:
This policy will be reviewed annually in relation to its impact on improving student learning.
