

24 October 2016

Dear local resident and/or business owner,

PLANNED WORKS – MAIN ROAD CLOSED 9PM FRIDAY 4 NOVEMBER UNTIL 5AM MONDAY 28 NOVEMBER 2016

The project is well and truly meeting some major milestones during the current 24 hour construction blitz through October.

To complete construction works on Main Road, we will be closing a section for three weeks in November.

WHAT WE WILL BE DOING

Main Road will be closed between McKechnie Street/West Esplanade and St Albans Road/East Esplanade Project from 9pm Friday 4 November 2016 until 5.00 am Monday 28 November 2016.

While the road is closed we will be completing traffic signal works, road widening and surface works, kerb and pavement construction, car space reconstruction on Main Road West and works in the new bus interchange on St Albans Road.

Pedestrian access will be maintained the entire time during these works. Traffic detours will be in place.

Please refer to the map over page for further details and safe walking zones during the road closure.

WHAT TO EXPECT

We will be working 24 hours a day throughout the road closure to complete the works and you may notice an increase in construction vehicles and workers, noise and traffic.

To minimise the impact of our work on the surrounding community the team will:

- Schedule noisy activities within normal working hours wherever possible.
- Carry out regular checks on equipment to ensure they are running smoothly and efficiently, and ensure machines are not left running.
- Use broadband reversing alarms on mobile machinery and equipment. These alarms are much quieter than the standard reversing beepers used on most construction sites.
- Where possible, arrange loading activities to avoid reversing, reducing the use of reversing beepers.

Please be aware this work may be rescheduled in the event of bad weather or other unavoidable circumstances.

Thank you for your support, patience and understanding so far. We are very aware that some of the works may be disruptive to the community and we try to minimise this as much as possible.

Should you have any questions or concerns, please contact us

Yours sincerely,
